What is a “microhood” here?

A microhood is a search zone around anchors / commonly used area labels on portals — not an administrative boundary. Names and boundaries may vary by portal and locals.

Scoring explained

- 5/5 = consistently strong across most pockets; 3/5 = mixed; 1/5 = rarely fits.
- Scores are directional: always validate street-by-street and building-by-building.

Questions to ask (copy-paste)

Before viewing

- EPC rating and heating type? Any planned works in the building?
- Monthly charges (syndic/HOA) and what's included? Reserve fund status?
- Parking options (private spot / permit) and bike storage?
- Noise exposure: which side faces the street; double glazing?

During viewing

- Test water pressure, heating, and ventilation; check humidity/mold signs.
- Ask for electrical report + verify consumer unit / grounding.
- Confirm insulation and windows; note orientation and natural light.
- Look for cellar/storage, stroller access, elevator, bike room.

Offer stage (Belgium specifics)
