Client profile

A couple looking to buy an apartment in Brussels. Budget is EUR 610,000–1,135,000. Priorities include cafes, restaurants, and local markets.

Snapshot

- **Household:** Couple
- **Housing:** 1+ room; type: Apartment; mode: buy
- **Budget (buy):** 610000–1135000 EUR purchase
- **Priorities:** Cafes & brunch, Restaurants, Markets & local feel

How this shortlist was matched

Inputs used

- Housing type: 1+ room; type: Apartment; mode: buy
- Budget (buy): 610000–1135000 EUR purchase

Matching logic

- We only recommend communes and microhoods from the city pack (no invented areas).
- Scores are computed from city-pack signals (amenities, transport, parks) + your budget.
- Priority tags matched: cafes_brunch, restaurants, local_market_vibe.
- Shortlist produced: Ixelles, Schaerbeek, City of Brussels.

Must-have

- 1+ room apartment
- Proximity to cafes and restaurants
- Access to local markets

Nice-to-have

- Outdoor space or balcony
- Public transport accessibility
- Cultural venues nearby

Red flags

- High purchase costs in certain districts
- Noise in tourist areas
- Traffic congestion during peak hours

Trade-offs

- Desire for local vibe but avoiding tourist noise
- Preferring lively areas while needing quiet nights
- Budget constraints vs premium property expectations

Top-3 communes shortlist

Each option includes strengths, trade-offs, and 2–3 microhoods to start your search.

1. Ixelles

Landmarks (anchors): Châtelain, Flagey, Cimetière d'Ixelles

Family: 4/5	Commute: 2/5	Lifestyle: 5/5	BudgetFit: 2/5	Overall: 3/5
--------------------	---------------------	-----------------------	-----------------------	---------------------

Key strengths

- Strong international / expat ecosystem and services.
- Plenty of day-to-day amenities (cafés, restaurants) within walking distance.
- Stronger lifestyle density (cafés/amenities) compared with quieter communes.
- Often preferred by families due to parks/schools access and calmer pockets.

Trade-offs to watch

- Traffic/noise can be noticeable on main arteries; shortlist street-by-street.
- Busier evenings in hotspots; confirm noise levels during a late walk-through.
- Prime pockets can be pricey; validate the full purchase cost (price + fees + recurring charges).

Priorities snapshot

Typical housing cost	Higher cost; budget may feel tight in prime streets.
Public transport	metro access, tram coverage, near train links
Commute access	city center
Schools & family	generally family-friendly; parks/schools are a key advantage

Budget reality check

- Rule of thumb: Rule of thumb for a €610,000–€1,135,000 purchase in this commune: target 2–3BR (sometimes 4BR) depending on condition/building type. Budget fit here is likely tight with tighter supply
- How to validate: verify listing density and condition during viewings.

Microhoods to start with

1. Ixelles

Landmarks (anchors): Châtelain, Flagey, Cimetiere d'Ixelles

Family: 4/5	Commute: 2/5	Lifestyle: 5/5	BudgetFit: 2/5	Overall: 3/5
-------------	--------------	----------------	----------------	--------------

Boondael	Why: Boondael offers lush green parks and a vibrant atmosphere. What to check: Popular streets can become noisy during weekends.
Flagey - Malibran	Why: Flagey is known for its lively markets and cultural events. What to check: Parking can be difficult to find in crowded areas.
Universite	Why: Universite features excellent public transport links and local cafes. What to check: Busy streets may face noise issues during rush hours.

2. Schaerbeek

Landmarks (anchors): Plasky, Parc Josaphat, Helmet

Family: 5/5	Commute: 5/5	Lifestyle: 5/5	BudgetFit: 3/5	Overall: 4/5
-------------	--------------	----------------	----------------	--------------

Key strengths

- Best family fit in the shortlist: calmer pockets near Plasky and good parks/schools access.
- Reliable public transport coverage for everyday commuting.
- Above-average connectivity for commuting across Brussels.

Trade-offs to watch

- Better value vs central premium areas; more space for the budget.
- Check building charges (syndic), EPC, and noise insulation — these vary street-by-street.

Priorities snapshot

Typical housing cost	Better value vs central premium areas; more space for the budget.
Public transport	metro access, tram coverage, near train links
Commute access	depends on address; check travel times
Schools & family	generally family-friendly; parks/schools are a key advantage

Budget reality check

- Rule of thumb: Rule of thumb for a €610,000–€1,135,000 purchase in this commune: target 2–3BR (sometimes 4BR) depending on condition/building type. Budget fit here is workable with trade-offs with moderate competition
- How to validate: verify listing density and condition during viewings.

Microhoods to start with

2. Schaerbeek

Landmarks (anchors): Plasky, Parc Josaphat, Helmet

Family: 5/5	Commute: 5/5	Lifestyle: 5/5	BudgetFit: 3/5	Overall: 4/5
--------------------	---------------------	-----------------------	-----------------------	---------------------

Dailly	Why: Dailly is vibrant, offering shops and excellent transport links. What to check: Safety can vary significantly from street to street.
Collignon	Why: Collignon is lively with a strong market and community vibe. What to check: Some streets are busier, increasing noise levels.
Gare Josaphat	Why: Gare Josaphat benefits from strong public transport connections. What to check: Keep an eye on potential traffic concerns.

3. City of Brussels

Landmarks (anchors): Sablon, Sainte-Catherine / Dansaert, Royal Palace / Park area

Family: 5/5	Commute: 4/5	Lifestyle: 5/5	BudgetFit: 3/5	Overall: 4/5
--------------------	---------------------	-----------------------	-----------------------	---------------------

Key strengths

- Stronger green pockets around Sablon (parks and calmer streets).
- Family-oriented pockets around Sablon with parks/schools within reach.

Trade-offs to watch

- Mid-range pricing; specific streets vary a lot.

Priorities snapshot

Typical housing cost	Mid-range pricing; specific streets vary a lot.
Public transport	metro access, tram coverage, near train links
Commute access	city center
Schools & family	generally family-friendly; parks/schools are a key advantage

Budget reality check

- Rule of thumb: Rule of thumb for a €610,000–€1,135,000 purchase in this commune: target 2–3BR (sometimes 4BR) depending on condition/building type. Budget fit here is workable with trade-offs with moderate competition
- How to validate: verify listing density and condition during viewings.

Microhoods to start with

Domaine Royal Laeken	Why: Good starting point with more green space, good tram coverage. What to check: Watch for street-to-street variation.
Haren	Why: Good starting point with balanced everyday amenities. What to check: Watch for less greenery.

Next steps (1–2 weeks)

Week 1

- 1 Shortlist 8–12 listings across the 3 communes and set up viewings.
- 2 Confirm total purchase cost: price + notary/registration fees + recurring charges.
- 3 Validate commute: run one test route at peak hours (public transport and by car if relevant).
- 4 Ask about parking (permit vs private spot), storage, and building rules.
- 5 Prepare a document pack for offers: ID, proof of funds/pre-approval, and key questions for the seller.

Week 2

- 1 Request EPC, urbanism/permit docs, and recent syndic/HOA minutes before committing.
- 2 Do an evening walk-through for your top 2 choices to assess noise and street feel.
- 3 Plan your notary steps and financing timeline; align deed date with your move plan.
- 4 Book a second visit with measurements/photos to compare objectively.
- 5 If needed, line up a survey/technical inspection for building issues.

Viewing checklist

- Noise: check windows closed/open, street vs courtyard orientation.
- Heating & insulation: type, EPC score, drafts, humidity/mold signs.
- Charges: what's included (common areas, heating, water) and past statements.
- Building works: planned renovations, roof/façade, lift, syndic notes.
- Internet/cell coverage: quick speed test on site.
- Storage: cellar, bike room, stroller access, elevator size.
- Parking: permit eligibility, private spot, guest parking, EV charging.
- Safety basics: entrance, lighting, intercom, visibility at night.
- Documents: EPC, urbanism/permit info, recent syndic/HOA minutes.
- Total budget: mortgage + recurring charges + utilities + insurance + taxes.

Offer / decision strategy

- Move quickly on strong listings: good units can disappear within days.
- Clarify conditions (financing, sale of current property) early; keep them realistic.
- Ask for EPC, urbanism info, and syndic documents before committing (buying).
- Confirm timelines: offer validity, deed date (buying) or move-in date (renting).
- Negotiate on total package: included furniture, repairs, parking spot, charges.

Relocation essentials

Operational steps to avoid surprises once you arrive.

First 72 hours

- Book temporary accommodation if needed and confirm the first viewing schedule.
- Prepare document scans (IDs, visas/residence, payslips/employer letter).
- Once you have an address, register in the commune of residence (appointment-based).

First 2 months

- Finalize utilities (energy/water) and update contracts after moving in.
- If buying: schedule notary steps, financing, and property checks (EPC, urbanism, syndic docs).
- Set up local services: bank, insurance, parking permit (if needed), and subscriptions.

First 2 weeks

- Register at the commune (if applicable) and start the resident file (appointment-based).
- Choose a GP and check insurance coverage / mutuelle requirements.
- If family: shortlist schools/childcare and request availability/registration steps.
- Set up a Belgian phone plan and confirm internet availability at shortlisted addresses.

Commune registration checklist (typical)

- Valid passport/ID + visa/residence documents (if applicable).
- Proof of address: signed lease / deed / housing attestation.
- Civil status docs if relevant (marriage/birth certificates) — bring originals and copies.
- Work proof: contract or employer letter (useful for some registrations).
- Keep digital scans of all documents and a folder for commune appointments.
- Confirm appointment booking channel (commune website/IRISbox when applicable) and required forms.
